Grouped fitted-null calibration: covariance boundaries and convergence
A Rates and pointwise Wilson 95% intervals
Independent Gaussian (null)
0/25 rejected; 25/25 available
Correlated Gaussian (null)
0/25 rejected; 25/25 available
Complementary groups (alternative)
14/25 rejected; 25/25 available
Heavy-tailed t3 (stress)
3/25 rejected; 25/25 available
Zero conditional covariance (null)
1/25 rejected; 25/25 available
Rank-two conditional covariance (null)
0/25 rejected; 25/25 available
Weak full-rank covariance (null)
0/25 rejected; 25/25 available
